Notice to Taxpayers

Pay your 1941 taxes on or before December 5th, not only to escape the 5 per cent penalty but also to experience the satisfaction of having done your duty as a citizen of Appomattox County. 5 per cent is not like interest, because, since the law doesn't grant you the right to delay the payment long, for the reason that schools and county government can't be kept going if taxes are not paid. The 5 per cent flat penalty, prescribed by law, in reality will most probably represent 10 per cent or more. Save money, pay now.

R. L. Burke, County Treasurer

ALKA-SELTZER is unusually effective in the relief of Headache because its analgesic (pain relieving content) is made more positive by alkaline buffers. Alka-Seltzer being a combination of pain-relieving and alkalizing ingredients has gained wide usage and popularity for the relief of "Indigestion, Cold Symptoms, Morning After" misery and Muscular Pains. And be sure to try Alka-Seltzer for that tired feeling following hard work or strenuous exercise.

Be Wise - Try Alka-Seltzer

Ask your druggist.

The American BANKING System
IS
Democracy at its Best

There are some 16,000 American banks, each owned and operated by local citizens. Separate in a sense—yet they are knit together into one great "system" by the common aim of service. Responsive to the needs of each community, yet they are geared to meet the nation's needs instantly in its hour of crisis. There's nothing like it elsewhere; it's the envy of every other country; it's democracy functioning at its very best.

AGRONOMIST LAUDS HUNTING SEASONS

Richmond, Nov. 26.- Differences in weather conditions and in farming practices in various sections of the state justify the separate quail and rabbit hunting seasons which have been set for three groups of Virginia counties this fall, in the opinion of Dr. T. B. Hutcheson, the well-known Virginia sportsman who heads the Agronomy Department at V. P. I.

In a recent letter to M. D. Hart, executive secretary of the Commission of Game and Inland Fisheries, Dr. Hutcheson pointed out that quail in the mountains of Virginia and in the northern counties are larger and stronger by November 15th than are the birds in other parts of the state. Dr. Hutcheson attributes this to the shorter frost-free period in northern Virginia and in the mountains, which cuts down late nesting in these sections.

This fact, together with the greater danger of winter storms, makes an early season advisable in the mountains, said Dr. Hutcheson. In eastern Virginia, where there is little danger of heavy winter losses and where many immature birds are to be found in November, the hunting season doubtless should be later, he wrote.

Considers Farmers

The present seasons seem to take the farmer who raises the quail into consideration as well as the hunters who kill them, the letter said. In southwest and northern Virginia, the agronomist pointed out, the farmers have completed their corn shucking and grain seeding by November 15 and have time for a few days' sport along with other hunters at this time. On the other hand, many farmers in eastern Virginia do not finish their harvest until two weeks later, and are naturally irked when they have to do their hunting after others have been taking a toll from the game supply for weeks

SERVICES AT NEW HOPE

There will be preaching services at New Hope church Sunday night at 7:30. The public is cordially invited to attend.

Services are held the first and third Sundays at New Hope, at 11 A. M. the first Sunday, and at 7:30 the fourth Sunday.
